The actual amount expended was \$16,591.72 (\$591.72 over the budgeted figure). The Finance Committee stressed the fact that although two items, namely \$1,000 retirement on the real estate (Roberts' property) and \$400.00 for Earlham Scholarship Fund had been added to the budget - an increase of \$1,4000, that nearly \$600.00 of that amount had been absorbed in the planning of the new budget. The budget was presented with the recommendation of the Finance Committee that it be approved. A stipulation was made and included in the approval that two salary increases—namely, Kenneth Pickering, minister, and Elizabeth Cates, organist, be retroactive to the beginning of the church year. This report was based on a 10 year chart showing gains of 56 members in Sunday School averages. 154 in church members; 15 in church attendance; and \$8,351.00 in expenditures. Need for additional space was discussed by Charles Thomas based on a chart showing the Class, Age Group, Number in class, Space-per pupil needed, and Actual space per pupil allotted, Capacity of the classroom, and a 20% increase. Charles Thomas pointed out in his report that there are at present seven classrooms that are over-crowded, two that are barely adequate out of fifteen classes. This chart was based on a 20% gain in attendance. Walter Mills presented the report showing the proposed new chart based on footage and classrooms to be gained in the present Parsonage and the Roberts' property. From the Parsonage, excluding the Pastor's Study, 1,353 feet could be gained and 1,094 feet from the Roberts' property. The feeling of the committee was that classrooms

gained in either the Parsonage {or the Roberts'} property would be only a temporary alleviation, but any addition to the church should be on a permanent basis. The committee's recommendation was as follows. There are Needs - they should be met. If the Monthly Meeting agrees with this, the committee would recommend that a permanent committee be appointed to look into the best way to meet these needs. Marvin Thornburg recommended that with the help of Leonard Hall to survey our financial resources that we stay within {our} own Meeting to appoint a permanent committee. Dallas Bailey spoke briefly on the Expansion Committee's work.

Approval was given the suggestion that Ministry & Counsel consider continuing the present Sunday morning order of service for another month.

Charles Thomas spoke on the Progress Program Planning Committee's work. He explained how they hoped to arrive at the Giving Potential of the church, the projected budget, the proposed budget goal,

clarifying several points he felt might make the Meeting better understand the program. The breakdown of the committee is as follows: Every Member Visitation - Rodger Green, Chairman; Congregational Dinner & Telephoning - Gladys Davisson, Chairman; Resources - Robert McHolland, Chairman; Expansion of Building - Dallas Bailey, Chairman. A full report is expected to be ready for the September Monthly Meeting.

A letter was read from the First Friends Meeting, Richmond, Indiana, inviting us to attend their 150th Year Celebration on October 3rd and 4th, 1959.

In response to the request of the August Monthly Meeting, Ministry & Counsel asked approval to continue the present order of Sunday Morning Worship until approximately November 1, 1959. In the discussion that followed the only objection was that some of the teachers and

assistants are never able to hear the sermon. This matter was then referred to the Christian Education Committee to determine if some alternate plan could be worked out with the teachers. The Meeting approved both the action of Ministry & Counsel and the referral to the Christian Education Committee.

Marvin Thornburg read the report of the Expansion Committee due to the absence of Dallas Bailey, chairman. The report presented this possible plan of expansion. They felt that a new Christian Education Unit should be built immediately west of the church starting at the SW corner of the church, following the south boundary of the property to a point approximately 50 feet west, thence north approximately 40 feet. This building would be a two story unit to house 8 to 10 classrooms and have rest room facilities. The report suggested that additional members acquainted with the housing problem should be added to the committee and that the duties of the committee be defined. The report also suggested the possibility of using the Roberts' house for immediate classroom relief, the house to be leveled after completion of the new building. The report was received without taking action on the specific proposal of the new building. The committee was instructed to continue its study of the type of facilities needed, the urgency of the need of additional class rooms and possible ways of relieving the need soon. They were also asked to find out probable costs of the new structure suggested and given permission to contract professional help in securing this information if needed. The names of Max Copeland, Darlene Slusher and Robert Keesling were added to the committee and Richard Hinshaw is to be asked to assist in an advisory capacity.

Charles Thomas gave the report of the Progress Program Proposed Financial Goal and explained each part in detail. This goal was given for each year of a 3 year period. The goal of \$20,000.00 for administration of the church and \$10,000.00 for debt retirement and expansion facilities was approved by the Meeting. This is not to be confused with the regular church budget. That will be determined after the Every Member Visitation has been completed.

There being no further business, the Meeting adjourned to meet 10th month, 4th day, 1959.

Verlin Anderson, Presiding Clerk
Mildred Johnston, Recording Clerk

These range from \$0.25 to \$16.00 per week. The working budget is \$23,450.00. This allows for \$3,950.00 per year to apply on the debt for the Roberts' property and for expansion. The Meeting approved the report and the budget.

Charles Thomas spoke on the program as a whole, stating that many good things are expected to come from this effort and urging all to keep up their interest, not to let down merely because the most intensive part of the program has been completed. He said that the goal might yet be reached because of the challenge made to both individuals and groups in the church. Several spoke in approval.

A minute from Ministry & Counsel, recommending the adoption of the present order of Sunday Morning service, was presented. This has been used as a trial since July with discussion in Monthly Meeting each time the trial period was extended. It was felt that definite action should be taken at this Monthly Meeting. Discussion freely entered into by many members present seemed to indicate that while some drawbacks to the plan were evident, the growth of the Meeting had been such that the Meeting approved its adoption with some adjustments to be considered. During this discussion, the concern was voiced that the Midweek Prayer Meeting needed to be strengthened and to be supported by a larger number of the Meeting.

There being no further business, the Meeting adjourned to meet 1st month, 3rd day. 1960.
